

Pike County ARES & NWS Jackson, KY
present

SKYWARN®

Weather Spotter Training

Where: Pike County Emergency Operations Center
Hall of Justice Building, 4th Floor
Pikeville, KY

When: 6:00pm – 8:00pm Tuesday, December 9th

Do you enjoy weather watching?

Do you want to help your community become weather-ready?

If so, why not become a SKYWARN® Weather Spotter?

During this class, a National Weather Service Meteorologist will train you how to identify and report significant events such as damaging winds, heavy rainfall, tornadoes, ice and snow, along with other events that have an impact on the safety of your community. SKYWARN® spotter reports provide vital “ground truth” to the National Weather Service. They act as our eyes and ears in the field. Spotters serve their local community by acting as a vital source of information when dangerous storms approach!
